Who are you? Tell us a bit about you...how long have you lived here? What do you do (school, job, interests)? If you are creating an end table as a group, please just list names and occupations or grade (if applicable).

Why art? Let us know how you got started. What got you started in art? If you are a group, how long have you worked together?

What is your inspiration? What inspires you to create your art?

How can we find you? Do you have a website or Facebook page showcasing your art? Let us know so that we can include it in the catalog!
